

## **Jun/Mid .NET Developer (70% part-time / full-time)**

In Commerzbank Digital Technology Centre Prague, we are transforming a traditional bank into a digital agile enterprise! We provide a wide range of various IT solutions, .Net and Java development, services in the area of application operation and infrastructure. We are looking for thinkers with unconventional ideas and in return, we offer the freedom to create own job with own vision, wide range of benefits including home office. Sounds interesting?

Shape the future of banking with us!

Note: Dear candidates, we are currently doing interviews via e-tools (audio/video conferencing)

### ***Jun/Mid .NET Developer (70% part-time / full-time)***

We are looking for an open-minded and proactive team player, who is passionate about communication and software development. You can participate in software design, development, and all technical aspects of a project's lifecycle. There is close cooperation with other developers and business colleagues on daily basis. Even though we are the big international company we offer friendly environment with the stability of the big corporate. Our mission is to create the workplace where people are looking forward to come in the morning. This position is suitable for graduates and students.

You would work on an application for Independent price verification (IPV), in the IPV platform cell of Valuations / Market & Liquidity Risk cluster. You would be a part of a development team of roughly 15 people working in Prague, cooperating with the rest of the cell in Frankfurt (Germany) and communicating with the business users (employees of Commerzbank) in Frankfurt, London and Prague.

### **You will be responsible for:**

- Design and implementation of web applications
- Data modeling and database programming
- Defect analysis

- Module validations and code reviews• Development of concepts and proposals

**We are looking for candidates with these skills:**

Required:

- Analytical skills
- Proficient communication in English (both verbal and written)
- Experience in programming (extensive experience for senior position)• Knowledge of C# /.NET, SQL (preferably MS SQL)

\* If you are still studying, we are offering part-time job, 70 % of full-time working hours is the minimum. This is targeted to students in the last grade who will be able to join us full time in one year latest.

\* Full time from the very beginning is of course possible.

Optional:

- Knowledge of ASP.NET MVC is a plus, the same applies to JavaScript
- Knowledge of bash/PowerShell scripting is also an advantage

**We offer:**

- A friendly, inclusive and open-minded company culture
- A competitive salary with a very decent annual bonus system
- A sophisticated program of further professional training and personal growth
- Home office, flexible working hours and an enjoyable relax corner where you can recharge your batteries
- Attractive fringe benefits incl. up to 30 days of vacation, paid sick leaves and sponsored public transport
