

Jun/Mid .NET Developer (70% part-time / full-time) - for graduates/students

We are looking for an open-minded and proactive team player, who is passionate about communication and software development. You can participate in software design, development, and all technical aspects of a project's lifecycle. There is close cooperation with other developers and business colleagues on daily basis. Even though we are the big international company we offer friendly environment with the stability of the big corporate. Our mission is to create the workplace where people are looking forward to come in the morning.

You would work on an application for Independent price verification (IPV), in the IPV platform cell of Valuations / Market & Liquidity Risk cluster. You would be a part of a development team of roughly 15 people working in Prague, cooperating with the rest of the cell in Frankfurt (Germany) and communicating with the business users (employees of Commerzbank) in Frankfurt, London and Prague.

If you are still studying, we are offering part-time job, 70 % of full-time working hours is the minimum. This is targeted to students in the last grade who will be able to join us full time in one year latest. Full time from the very beginning is of course possible.

You will be responsible for:

- Design and implementation of web applications using ASP.NET MVC, Javascript/Typescript etc.
- Development of business logic on application server in .NET / .NET Core and scripting using 3rd party scheduler (Automic Automation)
- Data modeling and database programming
- Defect analysis and 3rd level support

We are looking for candidates with these skills:

Required:

- Analytical skills
- Experience in C#/.NET programming
- Experience in SQL (preferably MS SQL)
- Good communication in English (both verbal and written)

Nice to have:

- Experience with ASP.NET MVC Framework
- Experience with .NET Core
- Experience with T-SQL
- Knowledge of HTML, CSS
- Javascript/Typescript + jQuery knowledge
- Knowledge of PowerShell scripting
- Practical experience with MS Azure and/or Google Cloud Platform

If you find this opportunity interesting, please contact me at: Interview@commerzbank.com
