5. The fee for the admission procedure (or any overpayment) is non-refundable.

5. The admission procedure, verification of the fulfillment of the prerequisites for study and conditions for admission, and the entrance examination

1. The admission procedure is initiated by the receipt of a written Application for admission and the required attachments.
2. The aim of the admission procedure is to determine the prerequisites for study in the DSP and independent creative activity and to determine the appropriate level of applicant's professional knowledge. These prerequisites are determined by an entrance examination.

3. The entrance examination takes place on a date to be communicated to the applicant in writing (to the e-mail address given in the application form); the entrance examination will always take place at the following time:
 - a. For applications for studies in the **winter semester 2025/2026**: the week of **9 to 13 June 2025**,
 - b. For applications for studies in the **summer semester 2025/2026**: the week of **12 to 16 January 2026**.
4. The entrance examination is held before the Admission Committee.
5. The members of the Admission Committee for admission to the *DSP* and its chairperson are appointed by the Dean on the proposal of the chairperson of the Board of the Doctoral Study Program (BDSP) after approval by the BDSP. The committee has at least 5 members, at least one of whom is not a CTU employee. The quorum of the Committee is reached with the participation of more than half of its members.
6. The proposed supervisor usually takes part in the entrance examination. The supervisor has the right to participate in the first part of the closed discussion of the Admission Committee and to express the right to veto the admission of the candidate to his/her topic. The supervisor shall not participate in the second part of the closed discussion of the Admission Committee and this part shall be concluded by a vote of the committee on the recommendation to admit the applicant to the study program. In the event of a tie vote, the vote of the chairperson of the Committee shall decide.
7. The entrance examination is conducted as a personal interview before the Admission Committee. In the course of the interview, the Admission Committee shall assess whether:
 - The applicant's previous education and results of his/her current studies are sufficient in relation to the proposed dissertation topic,
 - The proposed topic (given by the Description of the General dissertation thesis topic) under the guidance of the proposed supervisor has a potential to be developed into a successful dissertation by the candidate and that the results of the dissertation shall be sufficiently covered in publications.

The Admission Committee shall prepare a report for each applicant on the course of the entrance examination, which shall include:

- The name of DSP,
- The names of the members of the Admission Committee,
- The general dissertation thesis topic,
- The name of the proposed supervisor,

- The course of the entrance examination – questions and evaluation of the applicant's answers,
 - The recommendation of the Admission Committee to the dean stating whether to admit the applicant or not,
 - The date of the entrance examination and the signatures of the members of the Admission Committee.
8. Before choosing the recommendation of the Admission Committee, the Admission Committee needs to determine the order of the applicants starting from the best. The order needs to include all the applicants.

6. Admission to study

1. An applicant may be admitted to the study program if all the following conditions are met:
 - a. The supervisor does not use his right of veto in accordance with Art 5 par. 6.
 - b. Graduation of a Master program in Informatics (or related field).
 - c. A duly submitted Application form and an electronic application within the deadline with all the required attachments in accordance with Art 3.
 - d. Successful completion of the entrance examination in accordance with Art 5 with the result recommendation for admission to DSP from the Admission Committee.
2. Admission to the study program is decided by the Dean of FIT CTU. If more than the maximum number of students fulfill the conditions to be applied, the order of the applicants decides, in accordance with § 49 par. 1 of Act No. 111/1998 Coll., Higher Education Act, as amended.

7. Information on the result of the admission procedure

1. If the applicant indicates his/her agreement in his/her application, the decision on admission shall be sent to the applicant via the CTU information system electronically immediately. Other applicants will be sent the decision on admission, as amended.
2. The decision on non-admission shall be sent to the applicants no later than the beginning of the relevant semester of the academic year 2025/2026, in accordance with Act No. 500/2004 Coll., Administrative Code, as amended.

8. Enrolment

1. A candidate who has been admitted to the study program shall have the right to enroll to the study program.

2. Enrollment shall take place on a date to be communicated to the candidate in writing (by e-mail to the address given in the application form), with enrollment taking place at the following time interval:
 - a. For applications to study program in the **winter semester 2025/2026: from 1st to 19th September 2025,**
 - b. For applications to study program in the **summer semester 2025/2026: from 2nd to 13th February 2026.**

Part III Final Provisions

9. Special admission deadline and reservation of changes

1. The Dean of FIT CTU may announce an extraordinary admission deadline for other applicants interested in studying in the DSP. The announcement of the extraordinary admission deadline, including the admission conditions, shall be published in the public section of the *FIT CUT* website.
2. In case of external objective circumstances, *FIT CTU* may change the *Terms and Conditions* provided that FIT CTU is obliged to inform about the change in the public part of FIT CTU website and by e-mail to applicants who have already submitted an application.

9. Sanctions

1. Due to sanctions imposed by the UN Security Council and the Council of the European Union citizens of North Korea and the Islamic Republic of Iran are not eligible to apply.
